

Dear Neighbor:

You have received this brochure because you live or work near one of the Spectra Energy natural gas pipelines or related facilities. If our pipelines aren't on your property, there's a good chance they're in your neighborhood or general area. You can display a map of our pipeline near where you live or work by going to our Web site at: <http://www.spectraenergy.com/business/us/location/> and submitting your zip code.

The enclosed pipeline safety brochure explains more about Spectra Energy, what to do in an emergency and how to contact us.

If you observe any unusual or suspicious activity near our pipeline facilities or in the unlikely event an emergency occurs, please call us at any time using the emergency toll-free number listed on the back of the brochure.

After you review the brochure, we'd like to hear from you. Enclosed is a postage-paid feedback card with space for your comments or questions. If you'd like us to get in touch with you, remember to include your name and address or phone number. If you have any questions specific to your area, you can contact us at the number indicated below.

We go to great lengths to minimize the risk associated with pipeline operation. Thanks for helping us in these efforts!

A handwritten signature in black ink that reads "Donald C. Hargis". The signature is written in a cursive style with a large, prominent "D" and "H".

Don Hargis, Area Manager
S. Plainfield, NJ

You can find out more about Spectra Energy on the Internet at www.spectraenergy.com or call us toll-free at 1-888-293-7867.
